Subject: FW: Seeking Speaker About Spill of Methylcyclohexane Methanol (MCHM) in WV

Lora, I haven't been able to connect with this guy – to try to clarify what he would want. Dawn feels that she hasn't been as engaged as you and yours and thought this could be at the very least, a joint discussion with EPA and ATSDR....what do you think?

Subject: Seeking Speaker About Spill of Methylcyclohexane Methanol (MCHM) in WV
Importance: High

I am interested in identifying a speaker to discuss the scientific (e.g., toxicity and risk assessment) aspects of EPA and ATSDR's response to the subject spill during an upcoming call of the OSWER Human Health Regional Risk Assessors Forum (OHHRRAF). I am starting my inquiry with you because you were identified to me in January as an EPA contact for all inquiries, when the spill response was underway. **Might you be able to identify an appropriate person for me to contact and solicit as a speaker?** Our next call is scheduled for March 20.

Thanks for your time and consideration.

Rich Kapuscinski

Subject: RE: OSWER Human Health Regional Risk Assessors Forum (OHHRRAF), Topic for March Call?

Hi Rich – this was sent to us (Region 3) in regards to who to contact for information concerning the spill. Hope this helps!

Please refer all outside contacts for information regarding the spill to the following Region 3 employees, as indicated. We are doing our best to ensure that we are providing the most up to date, accurate information to all parties. Some of the requests that we have received do not have easy answers and require coordination among a number of offices. The people below will ensure that our responses are coordinated appropriately. Please let me know if you have questions. Thanks,
Kathy

Requestor	Region 3 Contact	Contact Phone Number:
Rep of Congress/Committees; State/Local Government Official	Linda Miller, Office of State and Congressional Relations	215/814-2068
Local Resident	Trish Taylor, Community Involvement Coordinator	215/814-5539
Press	Bonnie Smith, Press Officer	215/814-5543
All Others	Karen Melvin, HSCD Deputy Director	215/814-3275

Linda R. Watson

USEPA, Region 3

Toxicologist, Risk Assessor

Subject: OSWER Human Health Regional Risk Assessors Forum (OHHRRAF), Topic for March Call?

Might you be able to help me identify who within EPA is responding to the spill near Charleston, WV?

Thanks for your time and consideration.

Hi Rich,

Any chance you could line up a Region 3 person to talk about the MCHM spill in West Virginia in a future call?

Susan
